Wright-Patt Credit Union Ranked the #3 Most Convenient Credit Union Nationwide by MagnifyMoney

Beavercreek, OH – MagnifyMoney ranked Wright-Patt Credit Union (WPCU) as the #3 most convenient credit union in the country. In a new study, MagnifyMoney collected information on the 50 largest credit unions (by assets) in the U.S., and ranked their relative convenience. WPCU excelled in the three specific categories below:

- **Teller hours.** Average hours each local branch is open per week.
- **ATM availability.** Participation in both nationwide and regional lower-to-no-fee ATM networks.
- **Mobile app.** The user satisfaction of the credit union's mobile app, as determined by Apple® and Android™ smartphone users.

"We are honored to be ranked one of the top 3 most convenient credit unions in the country by MagnifyMoney," shared Tracy Szarzi-Fors, Wright-Patt Credit Union's Vice President of Marketing and Business Development. "Our main priority is to create a positive impact on the people and communities we serve, and help our members attain financial freedom so they can live life the way they want. This includes offering easy and convenient ways for members to manage their money using the Mobile App, ATM, or while visiting a Member Center. The MagnifyMoney recognition further illustrates the credit union's mission of *helping people through life*," she explained.

WPCU continues to show its commitment to making a positive impact on its members and the community by offering better ways members can plan, save, and borrow. They are focused on helping to make life a little easier during major life events, like buying a home, planning for retirement, getting married, paying for college, and getting out of debt.

The credit union was founded on the "people helping people" philosophy that has been around since its beginning in the 1930s. The main objective continues to be helping members become better off financially than they were before, so they can achieve financial freedom and live their life the way they want.
